SUPPORTING THE PROMISE... SUPPORTING THE TROOPS

Dear Friend,

With all the tension going on in the world, it's easy to forget that our troops serving in the military are American men and women. While not everyone may agree on issues surrounding recent events, supporting our fellow Americans – the sons, daughters, mothers, and fathers who serve our country – is something we can all do.

Due to heightened security, individuals can no longer send letters and packages to "any service member." There are several organizations that have established ways in which our efforts can reach our troops.

www.oidelivers.org - A civilian-to-military delivery system that serves as a program for Americans to demonstrate their support for our deployed military.

www.usocares.org - Offers a way for individuals and corporations to let our nation's defenders know we haven't forgotten them.

www.operationuplink.org - A program that keeps military personnel and hospitalized veterans in touch with their families and loved ones by providing them with a free phone card.

www.redcross.com - The American Red Cross has a long history of providing service to America's military in times of war.

Current events have resulted in tremendous support for friends, family, neighbors, and other American troops. The organizations that provided the Internet links above are equipped to ensure support reaches the American troops abroad. These services are recommended to ensure your contribution reaches its destination.

If you know of anyone else who would appreciate receiving this information, please give me a call. I can provide softcopy or hardcopy.

Sincerely,

Oh, By the Way... whenever you come across people who are thinking about buying or selling a home and would appreciate the excellent service that I'm committed to, please call or email with their name and telephone number. I will gladly follow up and help them in every way that I can!
